of science and education*

*A lot of educational  
institutions are located in Lviv.  
National university «Lviv  
Polytechnic» is leading and the  
largest among them*

*which has big scientific potential.  
University was founded in 1844 on  
the basis of Lviv Technical  
Academy. Lviv Polytechnic is the  
oldest technological university in  
Eastern Europe .*

# Department of Technology of Biologically Active Substances, Pharmacy and Biotechnology

*Department was found in 1923. Staff is 69 persons. Department is engaged in training of Bachelor, Master's degree and Specialist of speciality "Technology of Pharmaceutical Preparations" and "Biotechnology"*

*Tel/ Fax: 8(032) 258-22-09*

*E-mail:*

*[vnovikov@polynet.lviv.ua](mailto:vnovikov@polynet.lviv.ua)*

*[vladnovikov@list.ru](mailto:vladnovikov@list.ru)*

## *Some main directions of department:*

*synthesis, properties and evaluations of biological activity of new heterocyclic compounds*

*polymeric carriers for immobilization of bioactive ligands*

*nanoparticle and microspheres for medicine and biotechnology*

**Department is engaged in developments in directions:**

- organic chemistry**
- biology**
- biotechnology**
- pharmacy**

*Lviv and Department of Technology of  
Biologically Active Substances,  
Pharmacy and Biotechnology of  
National University  
“Lviv Polytechnic”  
have all possibilities and  
will glad to organize*

**3<sup>d</sup> International Summer School  
“Supramolecular Systems in Chemistry and Biology”  
(September 6-10, 2010)**

*We  
invite  
You!*
